## PARADISE PARK TO UNVEIL NEW ATTRACTION "The Maze" opens Friday, September 10

**LEE'S SUMMIT, MO.** – Paradise Park, Kansas City's Premier Family Destination, today announced plans to open its first new outdoor attraction since 2004. "The Maze" will become Paradise Park's most unique and challenging attraction and is appropriate for all ages.

Guests will explore and have fun through the twists and turns of the 5,000 square-foot Labyrinth. Each participant has the opportunity to test their skills and see how quickly they can successfully find their way through the maze. A passport and time clock is used to challenge guests in search of the four letters that spell the word MAZE hidden inside the attraction. Guests must find each letter and then search for the exit to time out and record the fastest pace.

Individuals may look down into the maze from one of two elevated verandas to take photos or simply check on the progress of participants taking the challenge.

"Paradise Park is very excited to open the Maze just before the Fall Season," said Jon Ellis, CEO and President of Paradise Park. "The Maze will compliment our weekend hayrides in September and October, and it gives us flexibility to incorporate different games during the year. We plan to use the Maze for water wars in the summer and family-friendly haunts in October."

A grand opening is scheduled for September 10, from 4-6 p.m. All members of the media and general public are invited to attend this celebration. Please R.S.V.P. to Chris Simon via e-mail [chris.simon-@paradise-park.com](mailto:chris.simon-@paradise-park.com) in advance if you plan to attend.

The Maze is located outdoors next to the Children's Interactive Garden and the Miniature Golf course on the East side of the facility. Following the conclusion of the grand opening, admission to this attraction is just \$5.95 per person, under 2 free.

Paradise Park is a family entertainment center that offers a unique mix of attractions, which includes a children's edutainment center and discovery play area. It is the only facility in the Midwest to offer both a children's edutainment center and a wide variety of entertainment attractions for all ages on the same site.
